DASH CAM

A continuously recording Dash Cam where event-based HD (1080p) video clips are auto-uploaded to a video management web application. Excellent for driver training, fraud and exoneration.

LIGHT DUTY

Pickup Trucks, Passenger Vehicles & Delivery Vans can be equipped with an OBDII Plug'n Play or 3-Wired Covert installed GPS Tracking Device offering location, vehicle diagnostics & driver behavior.

HEAVY DUTY

Diesel powered vehicles such as Big Rigs, Refrigerated Trucks, Commercial and Agricultural equipment requiring specialized vehicle connectors, such as J1708 / J1939 or other specialized diagnostic protocols.

TEMP MONITORING

Monitor & Record the temperature of your trailer or cargo area to ensure perishables arrive unharmed. Receive alerts & notifications when temperature exceeds desired limits.

HOW IT WORKS

Purchase & Install a Trailer Tracker Monitoring Device.

Location Information and Sensor data is automatically sent to our Cloud Servers.

Remotely monitor location information and sensor data on our Web Application.
