

SOLAR POWERED ASSET TRACKING

REMOTE ASSET MONITORING IN EXTREME CONDITIONS

MiFleet

LOCATE ASSETS, REDUCE COSTS & INCREASE ASSET UTILIZATION

The MiFleet Solar Powered Asset Tracking Solution utilizes GPS technology to determine the asset's location and can transmit this information via cellular or satellite networks to our MiFleet Software. The device is often used to track the movement and status of valuable assets, such as shipping containers, fleet vehicles, and construction equipment, and can provide real-time updates on the asset's location, speed, and condition. Solar powered asset trackers are a cost-effective and environmentally friendly solution for asset tracking, as they do not require a continuous power source and do not emit any emissions.

- Real-Time Monitoring**
Remotely manage your asset with device reporting pings once every 5 minutes while in motion and once every 1 hour when stationary.
- IP67 Waterproof**
Tested in 5-meter water pressure environment for 15 hrs.
- Easy Installation**
It can be mounted with magnets, screws, polyurethane or heavy duty tape by end users.
- BLE 5.1 for Sensors**
Compatible with MiFleet's BLE temp & humi sensor MFTSTH1-B, temp & door sensor MFTSDT1-B, wireless relay MFTSR1-B and your own sensors.
- Asset Location Management**
Monitor the location of your asset & make better decisions based on their location.
- Removal Alerts**
Alerts sent when device is pulled off from asset.
- Asset Maintenance**
Increase awareness of asset maintenance scheduling, determine when and where maintenance can be performed.
- Asset Recovery**
Locate lost or stolen assets or trailers.

SOLAR POWERED ASSET TRACKER

REMOTE ASSET MONITORING IN EXTREME CONDITIONS

USE CASES

CONSTRUCTION

INCREASE ASSET UTILIZATION, REDUCE FUEL CONSUMPTION & PREVENT THEFT

Whether you're on the job site or off, MiFleet has you covered with tailored solutions which monitor your fleet's performance, efficiency and location. With a wide range of device styles and configurations, MiFleet can alert you of excess idling, prevent theft with starter interrupt, calculate engine run time and even alert you of vehicle arrival & departures.

SERVICES & TRADES

LOWER COSTS, INCREASE EFFICIENCY & CUSTOMER SATISFACTION

MiFleet is tailored to assist you in overall cost reduction and increased customer satisfaction. Our reports, alerts and live monitoring of your fleet keeps your business in check, drivers safe and expenses in line, while improving your customer's overall experience with estimated time of arrivals & location sharing.

OIL, GAS & MINING

INCREASE UP-TIME & PROFITABILITY, REDUCE COSTS

Keeping your vehicles and equipment running is your most important responsibility. MiFleet assists in determining predictive maintenance and increases performance of your vehicles & equipment, including generators and pumps. Not to mention, providing you the necessary information to optimize equipment utilization.

UTILITIES

UTILITY EQUIPMENT & PERSONNEL MANAGEMENT

MiFleet assists with the daily management of people, vehicles and other equipment with increased efficiency and productivity in mind. Customize your solution with weather overlays, geofences and points of interest to build your custom network of locations. Respond to outages and emergencies without hesitation, MiFleet provides you insight to more than just your fleet.
