

FEATURES

- VEHICLE MAINTENANCE MONITORING
- VEHICLE REPAIR INFORMATION
- ROUTINE INSPECTIONS
- AUTOMATE MAINTENANCE PROCESS
- ARCHIVE MAINTENANCE HISTORY REPORTS

Fleet Maintenance Monitoring Solution

Gain instant valuable data on your fleet by tracking the maintenance through Fleetrun. Keep your vehicles running in tip top shape, reducing overall maintenance repairs by 25% saving thousands year after year. Fleetrun will alert you when a vehicle is due for preventative care, current repair, or other maintenance such as routine inspections.

Vehicle Maintenance Monitoring

Monitor all your fleet vehicles maintenance in one location with Fleetrun. Never miss a scheduled maintenance again.

Archive Maintenance History Reports

Have a clear archive of all vehicle maintenance records to understand vehicles health and provide during inspections.

Automate Maintenance Process

Setup automation to help remind you when a vehicle upkeep maintenance is required. Never forget to maintain your fleet again.

MiFleet Fleetrun solution provides real vehicle maintenance monitoring. Contact sales@mifleet.us for more information.
