

ASSET TRACKER DESIGNED FOR RELIABLE MULTI-YEAR DEPLOYMENTS

MFG600 ASSET TRACKER

The MFG600 is a battery operated, rechargeable asset tracker designed for reliable, multi-month deployments. It is an ideal solution for managing assets that will be deployed for long periods of time without access to power and be exposed to long period of time without maintenance. The MFG600 provides location information to assist in higher asset utilization decision and equipment location.

MFG600 SUPPORTS
