

# ASSET TRACKER DESIGNED FOR RELIABLE MULTI-YEAR DEPLOYMENTS

## MFP1-LF

### ASSET TRACKER(LONG BATTERY LIFE)

The MFP1-LF is a battery operated asset tracking device designed for multiyear deployments. It has a weatherproof design incorporating internal antennas which simplifies installation making it best suited for unpowered assets in extreme and rugged environments. The MFP1-LF is best suited for Long-term Deployments, Harsh Environments, Trailer Tracking and Asset Tracking.

#### MFP1-LF SUPPORTS

Motion Detection	Geo-Fence
Device Battery Status	Device Removal Alert
Device Removal	Remote Device Management
GPS Location	Device-Side Logged Messages
GPS Speed	

#### SPECIFICATIONS

Waterproof: IP67  
 Dimensions: 2.73in x 5.63in x 0.98in  
 Weight: 7.4oz  
 Battery: Replaceable Lithium-ion 8100 mAh/3.6V (non-rechargeable)  
 Battery Life: 12 hour reporting: 3 Years  
 Operating Temperature: -20°C ~ +60°C (-4°F ~ 140°F)  
 Mounting: Magnet/Screw

#### ACCESSORIES

Included: Magnets  
 Optional: Mounting Screws

#### DEVICE BEHAVIOR

Reporting Frequency:  
 1 time every 12 hours motion/stationary  
 Installation Time: <20mins

#### DEVICE SUPPORTS

Internal Antennas  
 LED Indicator: Network, GNSS and Battery

- COMPACT DESIGN**
- INTERNAL BATTERY**
- RARE EARTH MAGNET MOUNTING**
- LOCATION MANAGEMENT**
- IP67 RATING**
- REAL-TIME MONITORING**
- ALERTS & NOTIFICATIONS**
- EASY INSTALLATION**
