

TEMP MONITORING

ENSURE THE SAFETY OF CRITICAL ASSETS BY MAINTAINING OPTIMAL TEMPERATURE CONDITIONS

MiFleet

MEET TODAY'S DEMANDING TEMPERATURE SENSITIVE DELIVERY REQUIREMENTS

MiFleet introduces the pinnacle of fleet management tools: remote monitoring sensors. As a fleet manager, you gain access to valuable temperature data for your vehicles, conveniently displayed in your platform's monitoring tab. Ensure a continuous, safe temperature for assets like food, vaccines, equipment, and environments, seamlessly tracking your vehicles and maintaining consistent temperature records all in a single location. Experience unparalleled ease in monitoring and managing your fleet.

- ☒ **BLE 5.0 Sensor Technology**
Through one of our supported Asset Tracking BLE Hubs, data can be effortlessly transferred wirelessly using our BLE 5.0 sensors.
- ☒ **Wide range of operating temperatures**
Operating between -30 ~ +80 (-22°F ~ 176°F)
- ☒ **Easy Installation**
Installing our sensor is a breeze, requiring minimal effort and time.
- ☒ **High Accuracy**
Accuracy of ± 0.2 for temperature, and 2% RH for humidity.
- ☒ **Wide Transmission Range**
Operating distance up to 300m (open field).
- ☒ **Near Real-Time Monitoring**
Remotely manage your asset with device reporting every 60 minutes or configurable to every 10 seconds.
- ☒ **Alerts**
Alerts sent when device is exposed to light for notifying users when parcels or luggage been open.

USE CASES

DELIVERY

PROTECT YOUR DRIVERS, INCREASE PRODUCTIVITY

MiFleet gives you peace of mind with the ability to ensure customers are satisfied and employees are protected. GPS & Dash Cam solutions are tools for your business to improve performance, customer satisfaction and overall business operations. Resolve customer conflicts with proof of delivery and location validation.

COLD CHAIN MANAGEMENT

REDUCE PRODUCT LOSS & CONFIRM TEMPERATURE CONSISTENCY

MiFleet offers continuous, real-time temperature monitoring of your most valuable & perishable cargo. Verify accurate temperature records of all your deliveries. Alerts notify you of temperatures that are out of range due to equipment malfunctions.

DISTRIBUTION

IMPROVE OPERATIONS, LOWER COSTS & STREAMLINE YOUR FLEET

MiFleet provides dock-to-dock fleet management tools and solutions to keep your fleet running efficiently by lowering costs and improving delivery times. Together, we can keep your drivers safe, vehicles maintained and operations running smoothly down to the last mile.
