

## LONE WORKER

STAY SAFE AND SECURE AT WORK, PROTECT LONE WORKERS WITH REAL-TIME MONITORING AND INSTANT SOS ALERTS.

## YOUR SAFETY IS OUR PRIORITY

MiFleet's Lone Worker solution is a cutting-edge GPS tracking device designed to provide safety and peace of mind for lone workers and employees. Whether you're a field worker, delivery driver, or any professional working alone, Lone Worker is your reliable companion, ensuring you're never truly alone.

## FEATURES & BENEFITS

- Personnel Monitoring**  
Track, manage and support every member of your team.
- Valuable Assets**  
Track anything from field workers, delivery drivers, valuable equipment and more.
- Real-Time Tracking**  
Stay connected and informed, no matter where they are located.
- Geo-Fencing**  
Create virtual boundaries to receive alerts on worker entry/exit.
- SOS Button**  
In case of emergencies, workers can trigger an SOS signal, instantly notifying their supervisors or emergency services.
- Complete Control**  
Complete oversight of individual movements and activity. Robust alerting and reporting engine automates wireless personal GPS tracking.
